It is said that London Lloyds are insuring Taft's election at odds of ten to one.

When politicians refuse to handle tainted money then it will have to go out of circulation.

We see some Republicans are urging Charles French Toms as their party's candidate for Lieutenant Governor.

Of course it is a relief to a great many Democrats to know that the campaign committee will refuse all subscriptions over ten thousand dollars.

The sudden exhibition of great morality by the leaders of the two great political parties on the subject of campaign contributions is the cause of much amusement to the people.

The Charlotte Chronicle takes the Washington Post to task for making up a Bryan Cabinet with North Carolina left out. It says this shows the Post does not understand the situation.

We did not know until reading Wednesday's dispatches from Washington City announcing the appointment of new postmasters, that there was a postoffice in this State named after the Republican candidate for President.

In a communication printed in the Charlotte Observer of last Wednesday Mr. Iredell Meares, of this city, makes the announcement that he will give Mr. Taft his "cordial support and vote for President of the United States."

Many industrial plants in all parts of the country which have been idle for sometime are now starting up. The Republicans are greatly rejoiced at this fact, for they dreaded the "empty dinner pail" cry of the Democrats during the campaign.

Isn't it about time for announcement to be made that Mrs. Gunness will soon begin a lecturing tour? That is, of course, if she is the woman reported seen in so many places since the burning of her house when she was supposed to have perished.

Several of the newspapers of the South have announced that they would receive subscriptions to the Democratic national campaign fund, but none of them announces that subscribers are tumbling over each other in their haste to tender their subscriptions.

A. H. ELLER CHAIRMAN

Prominent Winston Man Elected to Lead Democracy of North Carolina.

ALEX. J. FIELD IS SECRETARY

Central Committee is Elected From Various Districts of the State—Hopeful Expressions For Bryan's Campaign.

(Special Star Telegram.)

Raleigh, N. C., July 23.—The State Executive Committee tonight elected A. H. Eller, of Winston-Salem, chairman, to succeed Hugh G. Chatham, resigned, and Chairman Eller re-appointed Alex J. Field, as secretary of the Committee.

The Committee named the following central committee, composed of four members from each of the Congressional districts:

First—E. F. Aydlett, W. C. Rodman, W. H. Hampton, Dr. E. A. Moye, Jr.

Second—T. W. Mason, J. W. Grainger, H. A. Gilliam, Dr. J. E. Green.

Third—T. C. Whitaker, A. J. Maxwell, E. M. Koonce, W. M. Webb.

Fourth—J. A. Thomas, F. S. Spruill, P. J. Olive, H. A. London.

Fifth—C. O. McMichael, R. L. Holt, J. S. Carr, H. G. Chatham.

Sixth—E. J. Hale, J. D. Bellamy, James Powell, A. W. McLean.

Seventh—J. A. Lockhart, A. S. Dockery and two others to be named later.

Eighth—Dr. R. S. Young, Edmund Jones, R. A. Doughton, A. D. Watts.

Ninth—J. H. Weddington, Major H. F. Schenck, and two others to be named later.

Tenth—C. A. Webb, W. T. Lee, Marshall Bell, T. T. Ballinger.

In accepting the chairmanship Mr. Eller spoke enthusiastically of the outlook and expressed confidence that he would have the hearty support of Democrats all over the State.

The chair was directed by resolution to appoint a committee of five to revise the Democratic plan of organization and report to the next meeting of the executive committee. Governor Glenn was called on for a speech and expressed the wish that some of the enthusiasm he saw in Denver could be injected into the committee meeting and into the North Carolina Democracy. He never saw anything like it. He believed enough Western States would be carried for Bryan with the Solid South to assure Bryan's election without New York. At the same time he believed the Democratic financial and other planks would so impress the New York financial and other interests before the campaign is over as to go a long way toward Democratic majorities in a number of the Eastern States.

There were calls for Congressman Claude Kitchin, but he would not respond. W. W. Kitchin was not present.

A PLAIN CLOTHES MAN

Latest Dramatic Achievement in Moving Pictures at the Bijou.

"A Plain Clothes Man," a synoptical drama of force, depicting the strenuous duty imposed upon a detective who is detailed by the chief to trace out the strange disappearance and supposed murder of a beautiful society girl, will be the feature film at the Bijou today. The scene opens with the plain clothes man enjoying a quiet evening with his family. A command comes to report at headquarters. He responds immediately to the call of duty and is detailed by the chief, who offers a satin slipper as the only clue to the strange disappearance From there on one finds him haunting the dives until he strikes a trail leading to the palace of a prominent society man, who with a brutal companion is planning to cover the trail of his crime. Then the plain clothes man is seen performing the daring feats incident to his profession; disguises are changed, dierent characters are assumed instantly, struggling with a cabman, swimming behind a boat, never for a moment losing sight of his man until the end is reached and single handed and alone he effects the arrest of the criminals. It is an engaging story well told, which should be seen to be appreciated.

Wilson, of the Baptist Church, and after receiving the congratulations of their friends, they left for Atlanta where they will spend their honeymoon.

SHOT IN SELF DEFENSE

Yard Conductor Brice Wounded Negro Who Sought to Strike Him With Knife—Shooting Caused Excitement.

Compelled to shield himself from the determined attack of Robert Black, a negro, who was approaching with a long knife drawn, Mr. Joseph B. Brice, a yard conductor of the Atlantic Coast Line, yesterday morning shot him in self-defense, one of the three shots fired taking effect in the negro's side and inflicting a painful but not dangerous wound.

The shooting occurred at the roundhouse and was the result of a grievance between the two men the trouble brewing over a difficulty last Tuesday when Mr. Brice knocked the negro down with a plank after he had attempted assault on him with a deadly weapon. Black, who had been employed on the yard for some time, became enraged on the first occasion because he was ordered to do certain work. He hurriedly made his escape after the difficulty and could not be located until he unexpectedly re-appeared on the yard yesterday morning. A warrant had been issued for his arrest and his purpose for returning was unknown, however, he was evidently prepared for trouble.

Mr. Brice seeing that his assailant had come back decided to have some understanding with him and confronting the negro, asked him his reason for assaulting him last Tuesday. Black knowing that he had been trapped decided to take desperate chances, drawing from his pocket a knife of unusual size and again approaching Mr. Brice. He heedlessly ignored Mr. Brice's warning and the latter resorted to his pistol. Drawing it at a timely moment, he fired three shots. The negro was stayed in his attack, one of the shot going through his arm and taking effect in the left side. The affair created intense excitement and a large crowd congregated on the scene. The negro was carried to the hospital and an examination revealed that he was not seriously wounded, the bullet being located and extracted from his side. Mr. W. H. Howe was deputized by 'Squire McD. Evans and Mr. Brice was taken in custody. The case will be given a preliminary trial as soon as Black is able to leave the hospital. The yard conductor promptly gave bond for his appearance when wanted, having given himself up when it was at first thought the negro had been fatally wounded.

CAROLINA PYTHIAN NEWS.

State Deputy to Raleigh—Big Party to Supreme Lodge.

State Deputy Grand Chancellor J. D. Nutt, of the Grand Lodge of Knights of Pythias in North Carolina, is just back from a "missionary" tour through the State in the interest of the order, going as far east as Edenton and as far west as Morganton. A number of places have been visited and the work in those sections greatly built up. Tonight he goes to Raleigh to institute a new lodge of Pythians in the capital city, this lodge having been largely worked up by the Deputy Grand Chancellor during the recent Grand Lodge sessions there. It will be composed of about 35 members and State Deputy Nutt and the Raleigh Pythians of high degree will have charge of the institution this evening.

In recognition of his fine service to the order in North Carolina his lodge in this city, Clarendon No. 2, at its regular meeting this week unanimously voted State Deputy Nutt a trip with all expenses paid to the Supreme Lodge meeting in Boston, Mass., the first of August. Mr. Nutt and quite a large party of Wilmington district Pythians will attend from here, traveling in a special Pullman via Atlantic Coast Line. Traveling Passenger Agent E. Cliff Cohen, of the A. C. L. has arranged to handle a special Pythian train from the South for the Supreme Lodge meeting. The train will start in Florida with the delegation from that State, taking on board the Georgia, South Carolina, North Carolina and Virginia Knights and their friends en route. A large number of ladies will take the special trip with the Knights.

GETS GREENSBORO CONTRACT.

Mr. S. A. Schloss to Give Gate City the K. & E. Attractions.

A special to yesterday's Raleigh News and Observer from Greensboro says:

"The Greensboro Auditorium Company this morning entered into a contract with S. A. Schloss, the Wilmington theatrical trust magnate, whereby his manager's string of shows will be able to serve Greensboro in the new Auditorium. Mr. Schloss secures ninety feet of the floor space, at the western end of the building, thus giving him a ground floor space of 90 by 180 feet. Schloss has been leasing the theatre building of the city for several years, but this season he was outbid by H. H. Tate, who secured the lease and has "hooked up" with Richmond's show manager, Jake Wells. It remains to be seen whether Greensboro will fare better or worse with competition in the theatrical proposition. There is one consoling thought, they cannot fare worse, thus leaving a fond hope for better average of high class shows, with prices to fit the quality."

DR. HILL IS ELECTED

Unanimously Chosen For President of A. & M. College By Trustees Yesterday.

OTHER PROMOTIONS MADE

Governor Back From Northern Tour. Norfolk and Western Suit—Improvements to Grounds—Racing at the State Fair.

(Special Star Telegram.)

Raleigh, N. C., July 23.—The trustees of the A. & M. College in session here today unanimously elected Dr. D. H. Hill, president, to succeed Dr. George T. Winston, resigned, and Professor W. C. Riddick, vice president, to succeed Dr. Hill. The filling of the chair of English vacated by Dr. Hill was left for selection by the executive committee.

Other names presented to the Board for the presidency were W. J. Quick, of the Virginia Polytechnic Institute; Dr. Charles L. Raper, University of North Carolina; Professor R. E. Woltz, of the Goldsboro Graded Schools, and State Veterinarian Tait Butler.

Dr. Hill, the president-elect is a son of General D. H. Hill, of The Confederate Army and has been vice president and professor of English since the college was established. He is a man of literary and executive ability. Professor Reddick, the new vice president, has shown decided tact in influencing the college boys and for a number of years was at the head of the engineering department.

Governor Glenn reached the city this morning from his extended trip to the National Democratic Convention at Denver, and to Washington, New York and Atlantic City, being at the latter place for a few days rest and recreation. He is enthusiastic over the outlook for success in the Democratic National campaign. He made a number of speeches while he was away.

The North Carolina Corporation Commission and counsel for the commission in the suit the commission is pressing against the Norfolk and Western Railroad Company, for alleged excessive freight rates to North Carolina points campared with rates to Virginia cities, were in conference today preparing the brief to be presented to the Inter-State Commerce Commission before which the suit is pending.

The Rockingham Foundry and Machinery Company, Rockingham, N. C. received a charter today, capital being $50,000 authorized and $8,000 subscribed by W. A. Biggs, L. C. Sharp and W. P. McRae.

Reports just presented to the trustees of the A. & M. College show that the new city water system and sewerage at the college will be fully installed for the opening of the college this Fall. The board has decided to dispose of the big ice plant installed there a year ago under the management of the State Board of Agriculture for the reason that it is found that it will be cheaper for the college to buy its supply of ice rather and undertake to operate the plant. The board decided to have the machine shops and foundry of the college equipment operated under the same management with Professor Fred Wheeler of High Point in charge as instructor for the students who will take such courses.

That the outlook for the racing features of the North Carolina State Fair this Fall is especially bright is the declaration of Secretary Joseph E. Pogue, Raleigh being in a circuit of nine big fairs principal among which are Virginia, North Carolina and South Carolina State fairs. The racing purses will aggregate more than $50,000 with $20,000 or more put up for the Raleigh fair alone. The horses to be entered are the finest ever raced in this section. Extensive improvements are being made in the stables and other stock equipment at the fair grounds.

Attached Part of Sharpie's Cargo.

Upon an attachment from Justice Furlong's court Constable Savage yesterday levied upon about $40 worth of groceries forming a part of the cargo of the schooner Chauncey T. and belonging to the Little River Trading Company. The papers were issued by the J. C. Stevenson Company, who allege an indebtedness of something less than a hundred dollars. The goods were shipped by another Wilmington wholesale merchant to the Little River, S. C. firm

Rally of Sunday School Workers.

NEWS FROM CAMP GLENN

First Regiment Practice Has Been Great Success—Many Improvements on Grounds and Buildings—At Camp Taft.

(Special Star Correspondence.)

Camp Glenn, Morehead City, N. C., July 23.—The encampment and target practice of the First Regiment, North Carolina National Guard, now nearing an end here has been most satisfactory. Great changes and improvements have been made in the grounds and lots of money has been spent.

Waterworks have been placed throughout the entire camp and over the rifle range. Excellent mess halls have been built and all screened against flies and mosquitos with every other modern convenience. A sewerage system has been laid throughout and splendid latrines built, the rifle range enlarged, etc.

General J. F. L. Armfield is in command of the camp with pay, ordnance, quartermaster and other departments well represented. General Robertson visits the camp almost daily. Colonel Gardner, commanding the First Regiment and Charlotte battery together with the hospital corps, are all here. The camp is devoted almost exclusively to rifle instruction. The entire regiment has now been fired at 200, 300 and 500 yards and has done good work. Captain Dwyer, U. S. A., is here giving the instruction. Today the Charlotte battery had special instruction in pistol firing and made some very good records.

The regiment will strike tents Saturday morning. The Third Regiment next comes in from August 4th to 10th inclusive.

Good crowds are visiting the camp and Morehead and the citizen soldiers are having generally a good time.

The Second Regiment companies which have been encamped the past two weeks at Camp William Taft, near Chattanooga, Tenn., have completed their work there and are arriving home through the State today. From Camp Taft 120 men of the First and Third Tennessee regiments and Troop B, Tennessee Cavalry, left today for Ringgold, where they will take part in the government rifle contest and compete for the three prizes offered by the State.

DISORDERLY NEGROES ON CAR.

Seven Before Justice Furlong Yesterday on This Charge.

Seven negroes, all of whom are employed as waiters at the different hotels on the beach, were before Justice John J. Furlong yesterday on a charge of being disorderly on a suburban car bound to the beach Monday afternoon of this week. The negroes were reported to have been very loud and boisterous and drinking liquor in the presence of a number of passengers on the car, most of them residents at the beach. Justice George Harriss was on the car and arriving at the beach, upon complaint of Conductor Newton, he delivered them over to Officer J. J. Bowden, who placed them under arrest.

At the trial yesterday afternoon Justice George Harris asked to be marked as the prosecuting witness in the case. Later inasmuch as the Tidewater Power Company had no representative to push the case, Mr. Harriss stated that he would recommend a suspension of the judgment and each of the defendants having submitted to disorderly conduct, they were dismissed upon payment of cost. Conductor Newton was present but a submission having been entered, no evidence was taken.

The car is now on the A. C. L. tracks and may be visited at the usual hours by those who did not have an opportunity of seeing the exhibits at Wrightsville Beach. Miss Mima M. V. The steamer also brought a good freight list and cleared with a general cargo.

A comedy of errors on the part of Wilmington in the second inning with two men down, a bunch of hits in the eighth including a double by Bell, coupled with inability of the locals to connect with Mayberry spelled victory for Wilson, two to nothing, in a rather listless game here yesterday afternoon.

The visitors played an errorless game but there was little ginger by either team. Wysong pitched a nice game up to the ninth inning when he was relieved by Levy, the new pitcher, who stoped the run getting in spite of the fact that Mayberry for Wilson cracked out the first ball he delivered over the plate for two bases. Wilson was well represented in the grandstand, many Wilsonians being at Wrightsville Beach, and the visitors shared equally with the locals in the measure of applause.

The Game in Detail.

In the first inning Moore drew a pass; Gettig was out for bunting third strike; Moore was out, attempting to steal second, and Bell was out, Rath to Hoey. For Wilmington Flynn was out, short to first; Hoey flew out to left and Smith was out to first, unassisted.

Second Inning—Miller popped out to Smith; Guerrant flew out to Doak; Turner was hit by pitched ball; Holt hit easy one through Rath, Turner going to third; Jayes threw to Smith, but in the play the ball got away from Smith and Turner scored; Holt took third; Wagner walked; Mayberry flew out to Rath. Wilmington: Ross fans; Doak popped out to short; Sharpe flew out to left.

Third Inning—Moore singled past second; Gettig sacrificed; Bell and Miller flew out to Rath. Wilmington: Jayes flew to left; Rath to second; Wysong, pitcher to first.

Fourth Inning—Guerrant fouled out to Hoey; Turner and Holt to Sharpe. Wilmington: Flynn singled to right; Hoey sacrificed; Smith sacrificed and with Ross at the bat, a hit meant a run, but the best he could do was to fly out to short.

Fifth Inning—Wagner out, short to first; Mayberry walked; Moore safe on fielder's choice; Mayberry out, Rath to Sharpe; Gettig up and on poor throw of catcher to Rath to Hoey, Moore went to third; Gettig fanned. Wilmington: Doak fanned; Sharpe flew to second; Jayes out, pitcher to first.

Sixth Inning—Bell out, third to first; Miller flew to Jayes; Guerrant singled to right; Turner flew to Flynn. Wilmington: Rath flew to short; Wysong fanned; Flynn beat out a bunt down first base line; Hoey out on hot one to first.

Seventh Inning—Holt out, first unassisted; Wagner safe, beating out a bunt; Mayberry fanned and Wagner stole second; Moore fanned. Wilmington: Smith and Ross fanned; Doak out, third to first.

Eighth Inning—Gettig fanned; Bell hit to left for two bases; Miller singled; Guerrant singled to right and Bell scored; Turner drew a pass, filling the bases with one out; Holt flew to Jayes; Wagner hit to Smith who caught Guerrant running over third. Wilmington: Sharpe fanned; Jayes flew to pitcher; Rath singled over second; Kite batting for Wysong up and Rath stole second; Kite flew to left.

Ninth Inning—Levi replaces Wysong in box; Mayberry caught the first one over the plate for two bases; Moore popped out to Hoey; Gettig out, pitcher to first; Bell out, short to first. Wilmington: Flynn out, second to first; Hoey flew to short; Smith out, short to first, the Sailors without a whimper yielding first position in the league to Goldsboro and second place to Wilson.

MR. BRYAN'S CHANCES.

Opinion is gaining ground daily among the newspaper men of the country that Mr. Bryan stands a better chance of winning this time than ever before. We speak of the independent press, those papers which do not pretend to be supporters of the Democratic candidate. And, also, many Republican editors are warning their people not to be over-confident. Putting aside the enthusiasm and sanguine views of those papers which are ardent supporters of the Nebraskan, we find the tone of the press of the country to indicate that at the least Mr. Bryan has good chance of success. In the editorial columns of the Washington Post, one of these independent papers, we find an editorial on this subject from which we make the following extracts:

"A marked feature of the campaign is the exceedingly conservative views of the issues and of the result of the contest, as expressed in the editorial columns of the journals of the country.

"Both candidates personally stand well before their fellow citizens, but the friends of each of them realize that the contest will be severe and that the result is uncertain.

"The most confident claims as to Mr. Taft's prospects come not from veteran Republican leaders, but are read in telegrams and interviews from the financial centers of the country, given out by gentlemen who have been strongly opposed to the policies of President Roosevelt. To them Mr. Taft's candidacy is a delightful condition after four years of fever akin to delirium. Their relaxed nerves and fond hopes render them optimistic as to political affairs. By September 15 they will probably be able to judge more accurately than now.

"Lists of prominent Democrats who will not vote for Bryan, made up of the names of men who voted against him in 1896 and 1900, hardly show Democratic losses when it is a well known fact that thousands of Democrats who opposed him in those years are for him now. Mr. Bryan cannot command the votes of all those Democrats who voted for Mr. Cleveland in 1892, but Mr. Bryan will receive a greater percentage of these votes in 1908 than he did in either of his prior canvasses, and he will poll a greater aggregate popular vote than was ever polled by a Democratic candidate. General conditions, local differences, social and industrial unrest, disturbance, and depression have not strengened the Republican party, taking the country over. The past four years of Republican administration have aided it in the Southern States, but who can truthfully say it is as strong in the North as it was in 1904?

"Party lines are broken badly, and the result will be determined by events between now and election day. The conservatism of the press reflects the inability to measure accurately the sentiment of the voters."

From another column of the same paper we take the following statement of the political status of the States of the union; which shows 169 electoral votes for Bryan, 193 for Taft and 121 doubtful. It gives Mr. Bryan 73 votes less than the number necessary to elect and Mr. Taft 49 less than the requisite number. The Post's estimate follows:

"The Post will issue next Sunday in the form of a one-sheet folder supplement, a political map of the United States in four colors, showing the way each of the 46 States stands as between the two great parties at the opening of the presidential campaign that is to be waged from now until November.

"The Post's political map shows the following division of the 46 States at the commencement of the campaign:

"Conceded to be Democratic—Nevada, with 3 electoral votes; Oklahoma, 7; Texas, 18; Missouri, 18; Arkansas, 9; Louisiana, 9; Mississippi, 10; Alabama, 11; Georgia, 13; South Carolina, 9; Florida, 5; Tennessee, 12; Kentucky, 13; North Carolina, 12; Virginia, 12, and Maryland, 8—16 States, with 169 electoral votes, or 73 less than the number necessary to elect Mr. Bryan.

"Conceded to be Republican—Washington, with 5 electoral votes; Oregon, 4; California, 10; Idaho, 3; Wyoming, 3; North Dakota, 4; South Dakota, 4; Nebraska 8; Kansas, 10; Minnesota, 11; Iowa, 13; Michigan, 14; Wisconsin, 13; Ohio, 23; Pennsylvania, 34; Rhode Island, 4; Massachusetts, 16; Vermont, 4; New Hampshire, 4, and Maine, 6—20 States, with 193 electoral votes, or 49 less than the number necessary to elect Judge Taft.

"Doubtful—Montana, 3; Utah, 3; Colorado, 5; Illinois, 27; Indiana, 15; West Virginia, 7; Delaware, 3; New Jersey, 12; Connecticut, 7, and New York, 39—10 doubtful States, with 121 electoral votes in the balance."

THE SHEMWELL TRAIN HOLD-UP.

The man Shemwell, of Lexington, who had already gained an unenviable reputation through his appearance as defendant in the criminal courts of the State, has again come to the front in his favorite role. He is likely to get himself into serious trouble this time as it is probable the Federal government will take a hand in his prosecution. For holding up the fast mail train on the Southern Railroad last Tuesday in order that he might get off at a station at which the train was not scheduled to stop, which he did by covering the conductor with a pistol and ordering the train stopped, he has been indicted in three cases—two for assault with a deadly weapon and one for carrying a concealed deadly weapon, and it is said he will also be prosecuted in the Federal Court for interfering with the passage of the mail. It strikes us this latter indictment would be rather a straining of the law. We hope the State authorities will not see fit to call in the aid of the national government for securing the merited punishment of the man for his outrageous conduct. There should be, and there is power and authority enough in the State to bring him to punishment if the officers of the State do their duty. Let the State law be enforced by the officers of the State without calling for the assistance of the Federal Government and placing the responsibility for his punishment on its courts and officials. His conduct was a flagrant and outrageous violation of the laws of the State, but only incidentally a violation of the postal laws of the Government. Then let the State take the initiative and if he is proven guilty of the offenses charged let him be punished by the State to the full extent of his crime. Then if the Federal Government wants to take up the matter of interference with transportation of the mail it can do so. What becomes of your State rights if the Federal Government's authority and laws have to be invoked for the purpose of punishing a man for the violation of laws of the State? State pride also is involved.

CAROLINA'S CHIEF SEAPORT.

The Charlotte Chronicle, which is always diligent in fostering the interests of every section of the State and has ever been prompt in advocating any movement inaugurated for the benefit of this city and section, makes the following editorial comment on the recent report of Captain Earl I. Brown on the lower Cape Fear river improvements being made by the Government:

"The claims of the people of Wilmington that there has been recently a steady and gratifying increase in the business of that port is more than justified in the report of Captain Earl I Brown as to the lower Cape Fear river improvement which has just been made to the War Department for the fiscal year ended June 30th, 1908. Attached to the report is a statement of the commerce of the lower Cape Fear for the same period showing this to have been 870,556 tons valued at $50,890,793, an increase of 56,265 tons, and a valuation of $8,206,477.25 over the last fiscal year. Very few Atlantic ports can show a better record than that. Any town that scores a gain of over eight million dollars in a single year, is doing something. This evidence of the growing prosperity of North Carolina's great seaport city is gratifying. Doing this volume of business now, what might be expected of Wilmington with a 30-foot channel opened to the sea?"

Pittsburg has of late suffered from a veritable suicide epidemic. Between the 8th and 18th of this month fifteen persons in that city committed suicide and eight attempted to do so. A majority of these persons lived in the Allegheny section of the city; hence Pittsburg people now speak of a suicide as a person who has "Alleghenied."

The Charlotte Chronicle expresses its disgust for old Noah Webster because he did not coin the words in which one could properly express his opinion of the New York man who sent a threatening letter to his mother. The Chronicle should remember that Mr. Webster is not of this generation and that he did not have the power of divination.

The News and Observer says "President Roosevelt succeeded in ridding Washington of about thirteen hundred worthless dogs in less than a month." In view of Raleigh's troubles in the "worthless dog" line wouldn't it be a good thing for that city to offer Mr. Roosevelt the position of mayor after March 4th next?

"The afternoon and evening ride in the Charlotte troppey cars is as good as a sail in a yacht," says the Charlotte Chronicle. We are surprised that Brother Harris, who knows from personal experience what a sail on a yacht in Wrightsville Sound means, should have made such a statement in his paper.

CURRENT COMMENT.

—The Federal bureau of labor's findings of wage conditions in 4,169 manufacturing establishments, which have just been published, cover the year 1907 and are therefore only slightly affected by the panic conditions which have since become so serious. Yet they reveal even for last year the sinister spectacle of a fall in the reward of labor measured by what wages would buy.—Raleigh Times.

—After a certain jury had been out an inordinately long time on a simple case ,they filed into the court room, and the foreman told the judge they were unable to agree upon a verdict. The latter rebuked them, saying the case was a very clear one, and remanded them back to the jury room for a second attempt, adding. "If you are there too long, I will have to send you in twelve suppers." The foreman in a rather irritated tone, spoke up and said: "May it please your honor, you might send in eleven suppers and a bundle of hay."—Everybody's Magazine.

—Complete success today attended an experiment for the automatic stopping of trains which accidentally or otherwise run past block signals and threaten disaster. A train on the main line of the Burlington was sent at a speed of 50 miles an hour into a section controlled by the new automatic device. The throttle was wide open, yet the train was brought to a standstill within a distance of 1,100 feet. The railroad experts, gathered from all parts of the country for the trial, said that the automatic device was the best safeguard against accident that has been invented.—Chicago Tribune.

—Whatever opinion one may have of the guilt or innocense of the reverend and unfortunate W. G. Whitaker, those who indirectly aided in bringing him into his present plight by grasping at rainbows have something to think about. There are a lot of people in this world who are always ready and anxious to get rich quick, and who do not hesitate to send dollars chasing each other on a vain and fruitless search for the Promised Land. It is an ever increasing army—this great host of descendants from wealthy ancestors This Legion of the Gullible marches blindly on in the wake of a leader who has seen royal crests and imperial coats-of-arms appealing for claimants thro' the mists of ages.—Asheville Citizen.

—The Statesville Landmark thinks it can smell a mouse. It is about these campaign contributions and the suspiciously sudden spasms of virtue on the part of the campaign managers. The Landmark thinks the corporations might well rejoice if it were true that they would not be expected or permitted to give to the campaign funds. It doubts that these orders will be carried out in good faith, for heretofore, it says, the Republicans, who were in position to force them, have held up the corporations and made them shell out liberally. It is The Landmark's opinion, however, that "before the campaign is over the National committees of both parties will cheerfully receive all the money they can get—and ask for more—without being too particular in asking where the money came from or how it was made." That very thing is what is likely to come to pass.—Charlotte Chronicle.

—The cartoonist who in putting clothes on Candidate Taft marks these all over with "T. R." knew what he was doing, and the application of this is just as clear as when the dollar mark was strewn lavishly over the clothing of Mark Hanna. That Taft is Roosevelt's candidate and that he was forced upon the Republican party by the Big Stick of Federal patronage is so well known that its repetition is not at all necessary. Yet even while this is so it was hardly believed to be possible that Taft would publicly proclaim that he is merely the echo of Roosevelt, that he is the "Teddyphone" which he has been declared to be. Yet the man who is a candidate for the highest office in the gift of the country acknowledges this without a blush. It is a new era in American politics and it is a humiliating one. The catspaw is not a desirable role, but it is that which Taft selects for himself. No wonder Roosevelt wanted no third term when he expects to rule this country through merely a big fat clerk who will obey his slightest nod. Readers of yesterday's papers were shocked at the publication that President Roosevelt would review in advance the speech of acceptance of Candidate Taft to be made in Cincinnati next Tuesday.—News and Observer.

A STORY OF HEROISM

Showing How Brave Men Can Calmly Meet Death.

WRECK OF THE BIRKENHEAD.

The Way This British Vessel Went Down Off the Cape of Good Hope. Most of the Crew Were Lost and All the Women and Children Saved.

Visitors to the hospital of the old pensioners at Chelsea will perhaps have noticed in the colonnade a simple memorial tablet, placed there by order of the late Queen Victoria to record the heroic constancy and discipline of the officers and soldiers who lost their lives in the wreck of the transport Birkenhead off the Cape of Good Hope on Feb. 26, 1852. On Jan. 7 in that year, after embarking re-enforcements amounting to fifteen officers and 476 men for the troops engaged in the Kaffir war, the Birkenhead left Ireland for the cape. On board were also 166 women and children, the wives and families of soldiers. All went well till the transport reached Simon's Town, where ten officers and eighteen men were landed. The ship continued her course on the evening of Feb. 25. But the captain in his anxiety for a quick passage unfortunately kept so close to the shore that during the night the ship got among the rocks which line the coast. About three miles off Danger point at 2 o'clock in the morning of the 26th, while all except those on watch were sleeping peacefully in their hammocks, the ship struck with a violent shock. The bulk of the men on board were young soldiers.

The rush of water on the Birkenhead striking was so great that most of the soldiers on the lower troop deck were drowned in their hammocks. The remainder, with all the officers, appeared on deck, many only partly dressed, and fell in as orderly and as quietly as on the barrack square. Calling the officers round him, Lieutenant Colonel Seton of the Seventy-fourth highlanders, the senior officer on board, impressed on them the necessity for preserving order and silence among the men. The services of the next senior, Captain Wright, Ninety-first highlanders, were placed at the disposal of the commander of the ship to carry out whatever orders he might consider essential. Sixty men were put on the chain pumps on the lower after deck and told off in three reliefs. Sixty more were put on to the tackles of the paddle box boats, and the remainder were brought on to the poop to ease the fore part of the ship, as she was rolling heavily. The commander next ordered the officers' chargers to be pitched out of the gangway. The plunging and terrified horses were got up and cast over, five of them managing to swim ashore. The cutter was then got ready for the women and children, who had been collected under the poop awning, and they were passed in one by one. There being room in the boat for one or two more, the order was given for any trumpeter or bugler boys to be taken. A young drummer standing near was told by an officer to get into the boat, but, drawing himself up, exclaimed that he drew man's pay and would stick by his comrades. The cutter then shoved off in charge of one of the ship's officers, and the women and children were safe.

No sooner was she clear than the entire bow of the vessel broke off at the foremast, the bowsprit going up in the air toward the foretopmast. The funnel also went over the side, carrying away the starboard paddle box and boat and crushing the men on the tackles. The paddle box boat capsized on being lowered, and the large boat in the center of the ship could not be got up.

The men were then ordered on to the poop, where they stood calmly awaiting their fate. Within a few minutes the vessel broke in two, crosswise, just abaft the engine room, and the stern began rapidly to fill. In this extremity the commander called out, "Those who can swim jump overboard and make for the boats!" but the officers begged the soldiers not to, as the boat with the women and children would be swamped. They were young men in the prime of life, with all before them, yet no one moved, nor did any sign of terror or fear escape them. Lower and lower sank the vessel into the deadly sea. The old transport shivered, gave a final plunge and disappeared, carrying with her the band of heroes on deck and those working below at the pumps.

Men of all ages and ranks they were—the colonel and the drummer boy, officers of gentle birth and men from the workshop, the plow and the mine, but all animated with the same heroic resolution, fortitude and chivalry—as cool as though they had been on their parade ground, with as much courage as in action in the field. A few managed to cling to the rigging of the mainmast, part of which remained out of water, while others got hold of floating pieces of wood and were eventually rescued, but of fourteen officers and 458 men no fewer than nine officers and 340 men perished, many falling prey to the attacks of the sharks, which surrounded the ship in shoals, waiting for their victims. Every woman and child was saved.

Perhaps the greatest compliment ever paid to the memory of the brave was the order of the king of Prussia for the account of the wreck of the Birkenhead to be read on three successive parades at the head of every regiment in his army, and it was spoken of in every school in Prussia and Germany. —London Globe.

HEAVIESET DRAFT ON RECORD

Steamer Manchester Miller Arrives From Hamburg With Cargo.

The Southport Herald of yesterday has the following to say of the British steamer Manchester Miller, which arrived yesterday to Messrs. Heide & Co., of this city:

"Quite the deepest draft steamer which has ever entered th's port came in this morning, it being the Manchester Miller, from Hamburg to Wilmington, with cargo of kainit. The big steamer is drawing 24 1-2 feet of water and was piloted in by Captain Wm. StGeorge after there was 18 inches of ebb tide. This speaks will for our bar and harbor, and plainly demonstrates that the battleship North Carolina could have safely been brought in here for the presentation of the silver service. The steamer will have part of her cargo lightered to Wilmington, sufficient to enable her to proceed there without grounding."

Charlotte and Raleigh recorded 88 and 90 respectively, but this was only for the 12 hours ended at 8 A. M. yesterday instead of the longer period of 24 hours.

Giants Win Another.

Goldsboro, N. C., July 23.—The Giants bunched errors in the first inning today giving the "tailenders" two runs. This lead was easily overcome, however, as hits were bunched nicely in the fifth and seventh innings netting Goldsboro three earned runs. Raleigh was unable to get a single runner past first base in the remaining eight innings. The features were the batting of Foley, James, Yerkes and J. Sullivan and sensational catches by Hoffman and Dawson, of the Red Sox, and James, of the Giants. There was no occasion for and not a single criticism of the decisions of umpire Upchurch.

AN APPEAL

Milk Dispensary is Suggested at Some Central Place Downtown.

(Communicated.)

In behalf of those, who, for years, have tried to find a way out of the difficulty, would it be unreasonable to suggest that, in case of sickness, or any sudden emergency, there should be a convenient place where extra milk, cream, or fresh butter could be obtained on short notice?

If the proprietors of the Shadeland Dairy would open a creamery, such as can be found in any large city, in numbers, it would most certainly prove the greatest benefit to the community, as well as to themselves.

Such a place has been a long-felt need in this city, and would be hailed by all as a perfect God-send, especially by those who are ill. Let us try and relieve them.

AN INTERESTED CITIZEN.

FOR BEGGING ON STREETS.

Harry Hays, White Man, Arrested by Police Yesterday.

At the session of the police court today, Harry Hays, a one-armed man, apparently about 30 years of age and a resident of Delgdo, will be given a trial on the charge of begging in the streets. The arrest of Hays was made yesterday at corner of Front and Princess by Officer A. D. Smith and shortly after being taken in custody he furnished bond for his appearance.

Hays stated that he lost his arm last April and after consulting Dr. Bulluck he advised him to have another operation and being unable to provide means he decided to beg it on the streets. He said that he was unaware that he had violated the law and was surprised that he should have been arrested. It is probable that there are other details in connection with the case that will be brought to light at the trial, it being understood that the arrest of Hays was made at the instigation of Dr. Bulluck. Woodus Kellum, Esq., will appear for Hays.

FIRE THIS MORNING

First Toll House at Carolina Place Destroyed at Early Hour.

What is known as the "First Toll House" at Carolina Place, was completely destroyed by fire at 2:45 o'clock this morning. It was owned by Alderman Martin O'Brien and occupied by Mr. B. Cox, who was at home at the time alone, his wife and child being at the beach. Mr. Cox was awakened by the smoke, ran out and fired two pistol shots to attract attention. The alarm was turned in from Box 54 and the Fire Department soon responded but could do little toward saving the structure, which was valued at about $1,000. Mr. Cox lost all his household goods, but the loss is partially covered with $600 insurance with Colonel Walker Taylor.

Mr. Davis Not Guilty.

Mr. W. J. Davis, who conducts a store on Second street, was given preliminary trial before Justice Furlong yesterday and was found not guilty of having received stolen goods as charged. He was represented by Herbert McClammy, Esq., and no evidence was adduced to show that Mr. Davis knew the gun was stolen at the time he purchased it.

SOLDIERS DIE IN STORM

Terrible Catastrophe in Pennsylvania Encampment—Six Dead and Forty Injured—Camps Panic Stricken.

(By Wire to The Morning Star.)

Gettysburg, Pa., July 23.—As the result of a terrific electrical storm which passed over the Pennsylvania National Encampment here tonight, it is reported that at least six troopers were killed and two score injured, some of them seriously, by being struck by lightning. The known dead are Privates Morrison and Barbe and an unknown man of the 10th Regiment.

The tent occupied by Governor Stuart was blown down, as were a number of others. Several friends were sitting with Governor Stuart when his tent collapsed, but the party managed to hold the canvass and all escaped injury. The camp is flooded and telegraphic service is practically at a standstill.

The entire camp is panic-stricken. The darkness is impenetrable and men are wildly running about through rivers of water seeking the injured. Every tent of Battery B, was blown down but no one in the battery were hurt. The regimental guide of the Tenth Regiment was struck by lightning and 40 men of Company C, were badly injured. The field hospital is full and men are lying about the camp waiting for aid.

The Young Men's Christian Association tent, which was filled with men and women who had taken refuge from the storm was razed to the ground but so far as known no one was seriously injured.

SHOOTS HIS SWEETHEART.

In Jealous Rage Gilbert Shot Miss Amanda Morse Twice.

(By Wire to The Morning Star.)

Norfolk, Va., July 23.—Finding his sweetheart, Miss Amanda Morse, promenading on the Campostella Bridge with his rival, Benjamin Gilbert opened fire with a pistol on her tonight about 10 o'clock, slipping up behind the couple in the dark. Two bullets took effect in the young woman's back. William Mitchell, who was with he young woman, was unarmed, but kept Gilbert in sight and caused his arrest. At St. Vincents hospital where Miss Morse was hurried it is said that she has one chance in ten to recover.

It seems that Miss Morse and Gilbert, up to a few weeks ago, were keeping company and were reported to be engaged. Recently they quarrelled and Miss Morse began to receive the attentions of young Mitchell. In a jealous rage Gilbert followed the couple from her home tonight and shot her. The police were forced to arrest C. W. Morse, a grocer and father of the young lady, who wished to kill young Gilbert while he was under arrest. All are well known citizens.

NAVAL ENGAGEMENT

The DeLong, Thornton and Barney Supposed to Be Destroyed.

(By Wire to The Morning Star.)

Crisfield, Md., July 23.—An engagement between the war vessels under commander C. C. Marsh, consisting of the Prairie, the Yankee, the Isle deCuba, the Vixen and the Sylvia, making up the defensive squadron and a flotilla of torpedo boats, comprising the Thornton, the Tingey, the DeLong and the Barney, constituting the attacking force, took place last night off Tangier Light and resulted in a victory for the defenders. Theoretically, three of the four torpedo boats were captured or sunk. The fourth succeeded in slipping past the opposing vessels, but her success was nullified by the destruction of her sisters. The boats supposed to have been destroyed were the DeLong the Thornton and the Barney. The Tingey escaped. The engagement opened about 9 o'clock and a few minutes after 10 o'clock a signal was hoisted at the flagship announcing that the battle was over. During the attack the ships were anchored in a semi-circle eight miles in length, four miles off Tangie Light with it as a center.

HALF OF VOTERS DISFRANCHISED

Is the Decision of Judge Martin Relative to Virginia.

(By Wire to the Morning Star.)

Norfolk, Va., July 23.—In the case of Tazewell and other citizens against Herman, treasurer, involving the questions as to necessary method of the payment of the poll tax in Virginia for enfranchisement at the polls in the coming Presidential and all other elections, Judge Martin today decided that the requirement in the new State constitution for the payment "personally" of poll tax means that all registered voters before they can vote, must, six months prior to the election have paid their taxes in their "physical person" and that "personally" does not mean payment out of their estate by check or messenger. This decision will disfranchise half the present electorate of Virginia and probably for three years if it stands. An appeal was taken. The Supreme Court does not meet until September.

Action looking toward the unification or the Hibernians of Ireland and England was taken at yesterday afternoon's session of the order at Indianapolis. Two of the most prominent Irishmen in America will be sent abroad to try to reconcile the various factions in Ireland. The report of the committee on credentials showed that 532 delegates were in attendance, representing almost every State in the Union. A banquet was tendered the delegation last night.

"The luckiest day of my life was when I bought a box of Bucklen's Arnica Salve;" writes Charles F. Budahn, of Tracy, California. THE NAVAL CONFERENCE

The Meeting at Newport—Mr. Roosevelt Present—Results, He Said, Was What He Wanted—Conflict of Opinion.

(By Wire to The Morning Star.)

Newport, R. I., July 23.—Members of the Naval conference met again today to continue the discussion of battleship plans, and it is believed will continue their daily meetings for some time to come. In the executive council, following the Prehident's speech on yesterday, Mr. Roosevelt plainly told the officers present that he wanted "results" and would insist upon them before the conference adjourned. The President asked to be told all that had been done in the conference up to the time of his arrival and a good part of an hour spent in executive session was occupied in answering the questions propounded by the Chief Executive.

President Roosevelt explained to the members of the conference that they should not place too much credence in the criticisms that had been passed upon the Navy by people on the outside, but he said that much adverse comment undoubtedly had an effect on the public mind. The American Navy, in its methods and design of construction, as well as in its gunnery and personnel, must always be kept in the front rank, the President said, and it was to the commissioned force the country would look for the desired results. It has been said that one effect of the conference would be to abolish the general board of the navy, but officers now attending the sittings of this council are of widely varying opinion as to the possibility or desirability of any such course.

FLEET TO AUKLAND.

This Will be Next Point on Its World Itinerary.

(By Cable to the Morning Star.)

Honolulu, July 22.—The Atlantic battleship fleet bade adieu today to the hospitable shores of Hawaii and at 2:30 P. M. the flagship Connecticut left her wharf and steamed outside the harbor entrance, where the fleet assembled preparatory to weighing anchor at 6 o'clock tonight and sailing away to Auckland, the next point on its world itinerary, where it is due to arrive on August 8th.

The Minnesota will not accompany the fleet tonight, but will remain in port until the mail steamer from San Francisco arrives and then overtake the fleet before reaching Auckland. Rear Admiral Sperry today returned formal thanks to the people of Hawaii for their treatment of officers and men. He said:

"I wish to express to the people of Honolulu and Hawaii the sincere appreciation of officers and men for the kindly and courteous hospitality extended throughout our visit. The courteous and fair treatment shown the enlisted men is especially gratifying, and cannot fail to engender pride in the uniform and add to the contentment of the enlisted ones, producing a lasting and beneficial effect on the Naval service."

He was a devout member of the Methodist church and his funeral will be conducted today, with interment in the churchyard. He leaves a wife and ten children, Mrs. Crossland having been Miss Lou Evans, of Cumberland county Among the daughters are Mrs. P. C. KILLED CHILDREN AND SELF.

Woman Drowned Twin Daughters and Then Suicides.

(By Wire to The Morning Star.)

Newark, N. J., July 23.—Mrs. Maud Doussette, 26 years old, drowned her twin daughters, Edna and Lena, 11 days old, in a tub of water late tonight and then caused her own death by asphyxiation. She evidently intended to cause the death of her two older children by asphyxiation but they escaped harm from the gas which killed their mother. Mrs. Dousette is believed to have suddenly become insane.

"SKIDOO DANCE" BIG SUCCESS.

Delightful and Unique Hop Last Night at Lumina on the Beach.

The "Skidoo Dance" at Lumina last night is spoken of by quite all in attendance as having been both unique and pleasing. The 23 idea was carried out in 23 different ways while little souvenirs bearing the number 13 were quite conspicuous on the lapels of coats and on pretty souvenirs for the ladies. The music was at times rag time and the decorative effects and dance figures all served to carry out the cleverly conceived idea.

Next Monday evening there will be a Japanese dance, advertising which a very pretty and effective transparency appeared in Shrier's window last night.

It was announced yesterday that the Cleveland American League baseball club has purchased the release of Pitcher Falkenberg and Third Baseman Altizer from the Washington club. The consideration is said to have been $10,000. The two men named will, it is expected, join the Cleveland club at once.

SPIRITS TURPENTINE

—Salisbury, July 22.—Jim Canup, a colored convict on the Rowan county chain gang, attempted to escape last night and was shot down by Guard Lentz. The load took effect in the head and the prisoner was promptly halted. He is a desperate character, but will recover.

—Charlotte Chronicle: During an electrical storm in Charlotte last night lightning started a fire and turned in an alarm in one instance, and in another instance accommodatingly turned on all the lights in a residence which was locked up during the absence of the family. There seems to be no end to the queer pranks that lightning can play.

—Pender Chronicle: The heavy rain of July 9th did a good deal of damage to the bridges in Pender. We suppose that $1,000 will scarcely pay the damage. Long Creek bridge at Pope's, also at Long Creek village, Burgaw Creek bridge at Jordan's, Shelter and Shaking bridges on Holly, and possibly others that we have not heard from were badly damaged.

—Winston-Salem, July 22.—Ed Scott, a negro, serving two years on the county roads for forgery, was shot and mortally wounded this morning, while attempting to escape. A ball fired by one of the four guards shooting at Scott and another convict named Ed Pen, who were chained together, went through Scott's left lung. Penn escaped without injury. Scott will not live through the night.

—Waynesville, July 22.—Late Tuesday evening as the tram cars of the Champion Fibre Company were making their last trip for the day, coming down grade from Quinland Town to Hazelwood, the man on the rear car finding he had lost control of his car, jumped, escaping injury. His car crashed into the one in front of him, instantly killing Jim Whitener, the young man in charge. Whitener's remains were interred here today in Greenhill cemetery.

—Newbern Journal: A gruesome find was uncovered yesterday in the mud being spread on Blades' lot on lwer Middle street, a human skull. The mud was dredged from the dock to a considerable depth, and this empty brain basket had perhaps lain hidden there for a great many years. Other parts of the skeleton have not been found and so no one will ever know whether the find was a relic of some poor fellow thrown overboard, or what disposition was made of the body after decapitation.

—Winston-Salem, July 22.—J. W., F. H. and H. E. Fries, of this city, have each received a number of letters from business men, Democrats and Republicans, urging them to run for Governor and for Congress. It is said that to each inquiry the three brothers have replied with emphasis that they were not in politics and that they could not be induced to accept any nomination of what they term "independent" Democrats this year for Governor and Congressmen, but up to this time they seem to be having trouble in finding men who are willing to make the race under the title of Republican nominees.

—Asheville Citizen: "Guilty" was the verdict rendered against Rev. W. G. Whitaker by the jury which came into Federal court yesterday afternoon at 3:15 o'clock. Guilty on each of the six counts of the indictment, guilty by the formal declaration of each of the twelve men when Mr. Settle asked that the jury be polled. The defendant sat with imperturbable countenance as the ominous verdict was delivered, only the nervous twitching of his hands betraying any emotion. "Have you anything to say" Mr. Whitaker was asked a few minutes later. "Nothing at all" said he composedly and he was escorted back to the county jail to await sentence. When this sentence will be passed can not now be said. It is probable that the defendant will wish to appeal the case and preliminary to this motions for a new trial and to set aside the verdict will be made to Judge Newman but as Mr. Settle is worn out with 10 days' work it is probable that these matters will not be taken up until the latter part of the week.

—News and Observer: In reply to a letter from the Agricultural Department to a representative of the Waldensian colony, which was established about fifteen years ago at Valdese, N. C., the State Department of Agriculture has received the following information: The colony consists of about 300 persons. At the time they settled in North Carolina, they were worth not more that $2,000 all told. Now, their property could not be bought for $100,000. Their farms are all owned individually, and they grow the usual farm and truck crops. They report that they will make at least 10,000 gallons of wine this year; but complain of "black rot" affecting the grape crop. They also complain of excessive frosts having injured their fruit crop. While they are generally satisfied, each year there are some to leave; but others take their places. Their children attend the public schools and these people are making good citizens. It will be remembered that they came from the northern part of Italy.

THE COTTON MARKET.

(By Wire to The Morning Star.)

New York, July 23.—The cotton market was quiet today with sentiment nervous and fluctuation irregular. The close was steady, net unchanged to 5 points lower. Sales were estimated at 100,000 bales.

The opening was steady at unchanged prices to a decline of 5 points under local bear pressure which seemed to be inspired by the idea that Liverpool had been supported by New York bulls in an effort to make a profit taking basis at the opening here. But selling did not become general; while the big bulls were not aggressive buyers, they absorbed offerings at a decline, and after selling at 9.36 for October there was a rally to 9.42 for that position which was followed, however, by a renewed recession in the afternoon owing to favorable weather and crop advices, and private reports of an easier spot basis in Texas. At one time the active months showed a net loss of 2 to 7 points but there was a slight recovery from the lowest in the last few minutes on covering by trailing shorts. The market closed at 9.35 for October or 3 points up from the lowest. It was rumored during the day that some German spinners were offering to re-sell their cotton but local spot brokers reported a slightly better demand from Northern and New England mills for prompt shipment from the South. Southern spot markets officially reported were unchanged to 1-8 cent. lower. Private reports stated that old crop cotton was offered on the basis of 9 1-2 in Texas.

Estimated receipts at the ports today were 3,053 bales against 1,888 last week and 602 last year. For the week 25,000 bales against 25,004 last week and 7,953 last year. Today's receipts at New Orleans 242 bales against 95 last year and at Houston 913 bales against 338 last year.

Spot cotton closed quiet 10 points decline; middling uplands 10.80; middling gulf 11.05; sales 100 bales.

Futures opened and closed steady.

Lard has been in existence a long time—so has indigestion

Human nature is hard to solve. People who are most particular about adapting the weight of their wearing apparel to the season and its conditions, who never think of going out in a storm without an umbrella and rubbers, who would not sit in a draft for a farm, will day after day eat lard-soaked food and not realize for an instant that it is clogging their whole inner machinery and likely to result in a full-fledged case of indigestion.

Lard is produced from hog-fat, sometimes impure, always indigestible, and there's a good day coming when no one will think of using it for cooking. *Cottolene* is the only rational frying and shortening medium in the world. It is made from refined vegetable oil and choice beef suet—everything about it is digestible and conducive to health.

It is a product of Nature.

It will make pure, palatable, healthful food, and food which anyone can eat and enjoy without the after-pangs of a disordered stomach.

Try *Cottolene* once and you'll never-more be a friend to lard.

Cottolene is Guaranteed We hereby authorize your grocer to refund your money in case you're not pleased after having given COTTOLENE a fair test.

Never Sold in Bulk COTTOLENE is packed in pails with a patent air-tight top, to keep it clean, fresh and wholesome; also to prevent it from absorbing the disagreeable odors of the grocery, such as fish, oil, etc.

DRY GOODS MARKET.

(By Wire to the Morning Star.)

New York, July 23.—Business in primary dry goods market did not increase perceptibly in any direction today but the demand for calicoes is steady and large quantities are being moved. Men's wear is doing satisfactorily. New lines that were opened showed a reduction of from 7 to 17 1-2 cents a yard, as compared with last year. Raw silk is higher and the market shows more inquiry.

NEW YORK STOCK MARKET.

(By Wire to the Morning Star.)

New York, July 23.—There was a manifest growth of general participation in the transactions in stocks today, commission houses reporting increased orders from a scattered outside clientage. The market broadened perceptibly and embraced an increasing number of security not often traded in. Active profit taking was going on in the favorite trading stocks and the price movement had a very irregular appearance in consequence. This profit taking while perfectly evident from the action of the market today was conducted with caution and the control of the movement was not abandoned at any time. No assistance was received from abroad in sustaining prices of stocks, the hardening of discounts in London, the declining condition of the bank of England and the Macedonian trouble combining to keep foreign markets unsettled and depressed. The price of copper was again advanced, both in New York and in London, and news of this country's crops continued favorable, such strength as was shown in the grain markets being attributed to foreign demand. There was some increase of selling pressure late in the day, which reduced the previous advances considerably and made the closing tone irregular.

Bonds were strong. Total sales par value $6,090,000. U. S. Bonds were unchanged on call. Total stock sales today 987,400 shares.

FAIRVIEW MECCA FOR POLITICIANS

They Gave The Democratic Candidate a Busy Day.

MANY IMPORTANT MATTERS

Discussed at the Various Conferences. Mr. Josephus Daniels One of Most Prominent Visitors—A Negro Delegation.

(By Wire to the Morning Star.)

Lincoln, Neb., July 23.—A steady stream of visitors to Fairview kept William J. Bryan on the qui vive today and tonight. They began coming early in the morning and included returning delegates to the Denver convention, politicians, representatives of a negro Bryan and Kern club, members of the local order of Maccabees and many others who came out merely to pay their respects. It was perhaps one of the busiest days the Democratic candidate has spent recently.

Probably the most important visitor was Josephus Daniels, of Raleigh, N. C., proprietor of the News and Observer, National Committeeman and member of the sub-committee of eleven, which is to select a National chairman and other officers of the committee. His friendship and political judgment are highly prized by Mr. Bryan and for that reason he was summoned here for a conference on the present situation, and with special reference to the couditions in the Southern States. The Democratic nominee was assured that the South would be solidly for him and that the assertions, alleged to emanate from Republican sources, that they would carry North Carolina, Virginia, and Georgia, were but "dog day politics."

Not the least interesting happening of the day was the visit of a delegation of local negroes, heretofore staunch Republicans who called to pledge their active support of the Democratic ticket. They were heartily welcomed, and urged by Mr. Bryan to keep in touch with the colored brethren throughout the country and work harmoniously toward Democratic success.

Beginning with today Mr. Bryan retires as editor of the Commoner, a signed letter in the paper announcing that his candidacy for the Presidency makes it necessary for him to take such action. Coupled with it is the interesting statement that as a personal campaign contribution the profits of the Commoner, over and above actual expenses will be turned over to the Democratic National Committee.

DISPUTES AT GAMES

The Stadium Scene of Tumult and Much Dissatisfaction.

(By Cable to the Morning Star.)

London, July 23.—The unfortunate series of disputes which has arisen since the opening of the Olympic games, not only between Americans and the officials of the amateur Athletic Association, but between the Athletes of other nations and the same officials, culminated this afternoon in an occurrence which threatened to wreck the Inter-Olympic meetings.

The trouble was over the final heat of the 400 metres flat race for which J. C. Carpenter, Cornell University, J. B. Taylor, Irish-American Athletic Club, W. C. Robbins, Cambridge, Mass., and Lieutenant Wyndham Halswelle, United Kingdom, qualified. With the exception of Taylor, the men got off quickly on the firing of the pistol, and Robbins sprinted in front, taking the pole from Carpenter, who was just behind, with Halswelle trailing along beside him.

It looked like anybodys race as they approached the last turn, the three leaders being bunched. Their spurt for the final hundred yards was just begun when suddenly a number of the officials rushed on to the track, the tape across the finish was torn down and the race was declared void. It was hard for a time to understand what had occurred, but the official pronouncement was that Carpenter had fouled Halswell at the turn.

OUT OF POLITICS FOR GOOD.

So Declares Ex-Governor Douglass. Would Not Accept Chairmanship.

Monument Beach, Mass., July 23.—"I am out of politics forever," declared former Governor William L. Douglas today, when, upon his return from a yachting trip of several days, he was questioned concerning the reports from Lincoln, Neb., that he might be named as chairman of the Democratic National Committee. Mr. Douglas said that he had not been aware that his name was being considered for the position.

"I have not been been offered the chairmanship of the Democratic National Committee" he said, "and while I shall deeply appreciate the compliment, if it is tendered to me, I shall not accept, as I am out of politics forever. This is final."

PROSECUTION OF STANDARD OIL CO.

President Will Do Everything Possible to Bring Offenders to Justice.

USED UNMISTAKABLE TURNS

Issues Directions to Attorney General To Proceed With Prosecution, Despite the Decision of Court Adverse of Government.

(By Wire to the Morning Star.)

Oyster Bay, N. Y., July 23.—President Roosevelt tonight announced in unmistakable terms the determination of the administration to proceed with the prosecution of the Standard Oil case despite the decision adverse to the Government, handed down by the United States Circuit Court of Appeals yesterday. This decision, the President thinks, in no way affects the merits of the case and he makes known his decision to cause the action to be brought again before the courts in such shape, if possible, as to prevent technicalities interfering with a decision based upon the actual issues involved. The statement in the matter, made public tonight by Secretary Loeb follows:

"The President has directed the Attorney General to immediately take steps for the re-trial of the Standard Oil case. The reversal of the decision of the lower court does not in any shape or way touch the merits of the case, excepting so far as the size of the fine is concerned. There is absolutely no question of the guilt of the defendants or of the exceptionally grave character of the offense. The President would regard it as a gross miscariage of justice if through any technicalities the defendant escaped the punishment which would have unquestionably been meted out to any weaker defendant who had been guilty of such offense. The President will do everything in his power to avert or prevent such miscarriage of justice. With this purpose in view the President has directed the Attorney General to bring into consultation Mr. Frank B. Kellogg in the matter and to do everything possible to bring the offenders to justice."

WEST POINTERS DISMISSED

Eight of the Cadets Expelled for Hazing Fourth Class Men.

(By Wire to the Morning Star)

West Point, N. Y., July 23.—Eight cadets in the United States Military Academy were today sent to their homes as a result of hazing members of the fourth class. They were William T. Russell, appointed at large, and Harry G. Wever, of Illinois, members of the First Class; and Byron Q. Jones, New York; George W. Chase, New York; William W. Purde, Alabama; Isaac Spaulding, Oklahoma; William Nolle, Virginia, and James A. Gillespie, of Pennsylvania, members of the third class.

Washington, July 23.—General Robert Shaw Oliver, acting Secretary of War, in the absence of Secretary Wright, has received the report from the commandant at West Point giving the particulars of the hazing which took place there and which resulted in eight cadets being sent to their homes today.

"Secretary Wright will return to Washington tomorrow," said General Oliver, "and until he gets here nothing will be given out regarding the affair."

General Oliver declined to be drawn out on the subject of hazing at West Point in any of its phases.

INQUEST IN DREW CASE.

Will be Held Monday—No Further Developments.

(By Wire to the Morning Star.)

Troy, N. Y., July 23.—Little of moment developed today in the investigation of the murder of Hazel Drew, whose body was found July 11, in Teal's Pond, about twelve miles from Troy. The authorities while following out all clues are now apparently awaiting developments of the inquest which will commence at Averill Park Monday. It is thought possible that some of the statements of witnesses will be expanded to a wider news limit under examination in a court-room.

District Attorney O'Brien stated today that there was nothing new to offer. He said the officers were following every report which might have a bearing on the murder of the girl.

The final verdict of the doctors that a blow on the head from some blunt instrument caused death eliminated all possibility of suicide.

TENNESSEE SAILOR KILLED

Joseph J. Henry Caught in Machinery and Neck Was Broken.

(By Wire to The Morning Star.)

Newport, R. I., July 23.—Joseph J. Henry, an ordinary seaman and powder passer on board the new battleship Mississippi, was killed during a gun drill in one of the forward eight-inch turrets today. He was caught in the training cogs of one of the guns and was drawn into the machinery and his neck was broken.

Henry was 19 years of age and enlisted at Memphis, Tenn., in October last. His next of kin is a cousin, Charles McCaslin, of Jackseon, Tenn.

Captain Fremont, of the Mississippi, has ordered an investigation.

Mrs. Sarah Elizabeth Stetson, widow of the late millionaire hat manufacturer, John B. Stetson, was married yesterday to Count Santa Eulalia, of Portugal, by Monsignor Turner, Chancellor of the Arch-Diocese of Philadelphia. The ceremony which was performed at the bride's beautiful estate near Philadelphia, was a quiet affair.

EBERHARD BACK AT MURDER SCENE

He Boldly Confessed Killing of His Aunt to The Authorities.

CAPTURED NEAR PATTERSON

Crime Was Premeditated and Committed to Obtain Money to Marry a New York Girl—Also Intended to Kill His Cousin.

(By Wire to The Morning Star.)

New York, July 23.—Drawn back to the scene of his crime by a force he could not resist, August Eberhard, self confessed murderer of his aunt, Mrs. Ottillie Eberhard, a Vienese widow whom he lured to a lonely spot in New Jersey, a few days ago, and shot to death, was captured near Patterson, N. J., today and is now a prisoner in the Hackensack jail.

What interested the authorities most in the confession Eberhard made to them late today was the reason he gave for committing the crime. Eberhard said that he was in love with a New York girl and that he needed money to marry her so knowing that his aunt had $2,500, he plotted to kill her and steal the money. Eberhard says he also intended to kill his pretty cousin, Ottillie Eberhard to whom he was engaged, so that nothing would stand in the way of his marriage to the New York girl.

The police have the name of the girl mentioned by Eberhard and she will be brought to Hackensack to tell what she knows of the murder. With his cheeks drawn, and a look of hunted animation on his face, Eberhard was found lying on the lawn of a residence just outside of Patterson. There was an ugly looking wound in his right leg which the murder first said had been inflicted by Italians, who attacked him, but which he afterwards confessed was inflicted by himself so as to make the police believe he had been wounded on the night his aunt was killed.

Brooding over his inhuman crime had apparently unbalanced the mind of Eberhard, but he showed some of the cunning that he displayed in the murder plot when the police questioned him about the murder. Eberhard did not immediately confess to the police. When he was placed under arrest he expressed surprise that he should be suspected of the foul deed, and told a most ingenuis story to account for his disappearance after the shooting of his aunt, to the effect that on the night of the murder he had tried to defend his aunt against the attack of a party of Italians. He said he made his cousin run on ahead and then returned to help his aunt, but the murderers overpowered him after shooting him in the leg, then he said, he lost consciousness and remembered nothing until he came to his senses in the Preakness mountains. He gave a graphic description of his alleged wanderings through the mountains.

THE QUEBEC CELEBRATION

Prince of Wales and Vice President Fairbanks Central Figures.

(By Wire to the Morning Star.)

Quebec, Que., July 23.—The Prince of Wales was the central figure today in the magnificent spectacle reproducing Quebec's historic past and ushering in the 300th anniversary of the foundation of the city by Champlain. Aside from espectacular features of the event, it was the occasion for a notable exchange of addresses between Vice President Fairbanks and the Prince of Wales, in which each spoke of the existing relations between the United States and Great Britain and the Prince delivered a message of good will to the American government.

An enormous crowd filled the place Des Armes, fronting the Champlain Monument, where the exercises were held. The Prince received the addresses of the American and French representatives, the Mayor of Quebec, and finally Champlain himself, reproduced as in the days of old, coming from the mimic reproduction of his original ship, the Don De Die, with some five thousand followers representing every phase of old France in Canada.

It was a splendid spectacle, carried out under bright skies, with a setting of this picturesque old city and its harbor filled with a fleet of international warships. Tonight the city and harbor are a blaze of lights. The warships are outlined in electric lights marking every line of hull and rigging, while the parliament and many other buildings are similarly outlined with a myriad of lights. From the Citadel the Prince is looking across the St. Lawrence at a gigantic display of fireworks on the heights of Levis, showing in fiery outlines the portraits of King Edward, the falls of Montmorency and the battle of Wolfe and Monteca.

It Reached the Spot.

Mr. E. Humphrey, who owns a large general store at Omega, O., and is president of the Adams County Telephone Co., as well as of the Home Telephone Co., of Pike County, O., says of Dr. King's New Discovery: "It saved my life once. At least I think it did. It seemed to reach the spot—the very seat of my cough—when everything else failed." Dr. King's New Discovery not only reaches the cough spot; it heals the sore spots and the weak spots in throat, lungs and chest. Sold under guarantee at R. R. Bellamy's drug store. 50c. and $1.00. SITUATION AT THE SOUTH

This the Subject of Discussion Between Mr. Bryan and Committeeman Daniels of This State. Question Chairmanship.

(By Wire to the Morning Star)

Fair View, Lincoln, Neb., July 23.—The political situation in the South was the subject of a long discussion today between W. J. Bryan and Josephus Daniels, National Committeeman from North Carolina. In view of the statements of the Republicans as reflected from Hot Springs, Va., that they were counting on the States of North Carolina, Georgia and Virginia in the coming election, considerable importance was attached to the visit. The conclusion was reached, however, that those three States were impregnable against Republican assault. The Chairman of the National Committee also was talked over, Mr. Daniels being a member of the sub-committee which will select the man who is to conduct the campaign. Former Governor William L. Douglas, of Massachusetts, continues to be looked upon as the new Chairman of the Committee, but the selection is being guarded with such secrecy as to make it impossible to get a confirmation of the report that he will be chosen.

BRYAN TO THE NEGROES

Wants Them to Line-Up For Ticket. The Commoner.

(By Wire to the Morning Star)

Lincoln, Neb., July 23.—The determination of the Democrats to capture the negro vote of the country was further emphasized today when William J. Bryan told a delegation of negroes from Lincoln that it was his desire that they should get in touch with their brethren everywhere, and particularly in Ohio, and agree upon a line of campaign in behalf of the Democratic ticket. The men who called were Adam Loving, for many years a leader of Republican negroes in this city; R. K. Battle, W. D. Grant and Frank Williams, who have organized a Bryan and Kern negro club. Not for some time has Mr. Bryan spent such a busy day. His callers numbered over a hundred and with many of them the political situation was canvassed. He informed them that in his opinion the Democrats of the country never before presented such a solid front but that they must continue to keep on the firing line until the very day of election.

Preparations were being made today at Fairview for Mr. Bryan's departure tomorrow for Chicago. He will travel in the regular sleeper and will be accompanied by his brother Charles W. Bryan, his Secretary, R. F. Rose and a number of newspaper correspondents. A number of speeches will probably be made on the return trip.

It was announced today that Mr. Bryan had retired from the staff of the Commoner and will not be responsible for its views during the campaign though retaining its ownership. All profits from the paper over and above expenses will be devoted to the National Democratic campaign fund, until after the campaign. Chas. W. Bryan and Associate Editor Metcalfe will continue publication of the paper.

In the Superior Court of Chatham county, Georgia, Judge Charlton has rendered a decision denying the right of police officers of that city to arrest a deserter from the United States Navy. The case was that of William Morgan, a deserter from the Navy, whose father began habeas corpus proceedings to prevent the removal of his son to the Norfolk Navy Yard after his capture by the police.
